The Jim Mech Memorial MACC Fund Open was created to celebrate the life and vision of Jim Mech and to provide hope through research to children with cancer.

Now in its fourteenth year, the outing has raised more than \$400,000 thanks to the support of many golfers and the generosity of the outing's primary benefactor, Chris Abele.

The proceeds of the Jim Mech Memorial MACC Fund Open will be used to help the MACC Fund continue to support research into the effective treatment and cure of childhood cancer. The primary beneficiary of MACC Fund support is the Midwest Children's Cancer Center with research conducted in the MACC Fund Research Center of the Medical College of Wisconsin. Now in its 34th year, the MACC Fund has contributed over \$27 million to pediatric cancer research in Wisconsin. Over this period of time, the overall cure rate for childhood cancer has risen from 25 percent to 75 percent.
